

BUSINESS DEVICES THAT ARE A CLASS APART

ThinkPad X Series ultraportables combine enterprise security, manageability, docking and productivity features into a thin and lightweight design.

ThinkPad X280

Smarter
technology
for all

Lenovo

A compact 12.5" ultraportable with optional security features like a fingerprint reader, Smart Card reader and camera privacy cover. Mobile users will appreciate the lightweight design, impressive battery life, and optional 4G WWAN connectivity for when WiFi is not within reach.

REASONS TO BUY

Busy mobile workers may not always have chance to re-charge their devices adequately. This laptop has up to 16 hours of battery life, which can be re-charged to 80% capacity in just 1 hour.

Connect all your office peripherals easily and instantly using the new ThinkPad mechanical side dock, or a ThinkPad USB dock connected by cable.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.
